OR ‘WHO CAN DO EQUITY WORK AUTHENTICALLY?’

EQUITY TOOLS FOR ALL
A process of genuine interaction through which human beings listen to each other deeply enough to be changed by what they learn.

Each makes a serious effort to take others’ concerns into their own picture, even when disagreement persists.

No participant gives up their identity, but each recognizes enough of the other’s valid human claims so that they will act differently toward the other.”

2 OR 3 TOOLS FOR TODAY
TODAY’S 2–3 TOOLS

- Systemic Awareness Chart
- Multicultural Organization Development Tool (MCOD, Jackson-Hardiman)
- Deconstructing power-over culture (Okun-Jones)
Intergenerationally damaging, defunct systems (slavery, colonialism, land theft and broken land treaties, genocide of Indigenous people)

Chronic poverty, access to wealth

Access to housing and transportation/ Homelessness

Impact of environment

Security, safety, & heightened exposure to violence

Health, Wellness, Stress

Policing and the Justice System

Differences in educational inputs

Presence of targeted public policy ("War on Drugs", voter suppression, internment of Japanese-Americans, Jim Crow laws & "separate but equal")

Micro-trends which make it hard to "get" systems (i.e. having a woman as your mayor and doctor may obscure gender trends)

Local norms of who is accepted, hired, bullied, safe (in-group/out-group dynamics)

Dehumanizing language

Feeling misrepresented

Self-Hate

Current local norms with disparate impacts across groups

Ridicule

Being avoided due to identity

Bullying

Being stereotyped

Slurs

Employment and Hiring

Sometimes: Local attempts to counter systemic inequities

Previous presence of targeted public policy (current land claim disputes, voter suppression, detainment camps, travel bans, surveillance)
SYSTEMIC THINKING (OR HAVING A LENS FOR EQUITY) IS A WAY TOWARDS EQUITY LEADERSHIP FOR EVERYONE
“EQUITY” DEFINED:

• The condition where one’s identity has no influence on how one fares in society. Equity is one part of justice and must be addressed at the root causes and not just the manifestations. This includes the elimination of policies, practices, attitudes, and cultural messages that reinforce differential outcomes by identity.
“EQUITY LENS” DEFINED:

• The process of paying disciplined attention to identity and experience with marginalization while analyzing problems, looking for solutions, and defining success. An equity lens critiques a “color blind” approach, arguing that intentionally not seeing perpetuates systems of disadvantage in that it prevents structurally rooted discrimination from being acknowledged. Application of an equity lens helps to illuminate disparate outcomes, patterns of disadvantage, and root cause.
